Anti Bullying

All children and young people have the right to an education that is free from discrimination, harassment and bullying. Students who are the targets of persistent bullying can suffer long-term psychological, social and developmental damage that can continue into their adult years.

Violence, bullying and harassment affects everyone, not just those directly involved. It also affects those who witness the violence and aggression that is often associated with bullying and the distress and powerlessness of the victim or victims. Bullying behaviours can have a profound long term effect on the culture of the school.

Non-verbal

- Writing offensive notes, in any medium, graffiti about others, rude gestures.

Physical

Psychological
