Student Self-discipline

We believe that discipline has an important part to play in the personal formation of the student. Ultimately, self-discipline is the goal. This includes the discipline of study and of application to extra-curricular activities. The rules and standards of the College are intended to help the students to develop self-discipline. The classroom teachers have a special role, monitoring the personal development of the students in their care, but every teacher is encouraged to take a personal interest in each student with whom they come into contact. We expect the students to accept the discipline policy of the College in a spirit of willing cooperation, and we aim to make it purposeful and creative, while being firm and just. We are mindful that discipline is not an end in itself, but a means to shape the students towards our ideals.

We wish each student in the College to be of strong character, self-disciplined and respectful of the rights of others. Cultivation of an atmosphere of mutual respect and friendship between the staff and the students is the aim of all members of the College.

• Students in Years 7–12 line up outside the classroom before the commencement of any lesson – no student should be inside the classroom without the presence of a teacher.

Students visiting the church do so directly, traveling to and from the church without deviating to unauthorised areas.

Students at the end of recess/lunch proceed directly to class.

**Sports Discipline Policy**

The College Sports Discipline Policy sets out the procedures to be followed for both representative and internal sport.

**Stage One: Coach/Supervisor of the Sport**

This is the stage where the Coach/Supervisor of the sport attempts to deal with the problem without outside help. The student must be told what he/she is doing wrong, and given a chance to rectify the problem. If the results prove negative, disciplinary action should be taken.

**Stage Two: Sports Coordinator**

If the Coach or Supervisor of the sport is unable to deal with the problem, or if the student continues to disregard warnings, a report is to be made to the relevant Sports Coordinator. Details of the incident/s and actions taken so far need to be outlined. Once a Coach or Supervisor of sport passes a student on to this stage, the Sports Coordinator will decide what action is to be taken, and that decision will be final.

**Stage Three: Deputy Principal Secondary School/Principal**

If the Sports Coordinator has dealt with the problem, and feels more action is needed, he will direct the student to the Deputy Principal Secondary School. Movement to this stage should be accompanied by a written report from the Sports Coordinator.

**Management of Student Behaviour**

**Administering Consequences – Student behaviour management guidelines**

Consequences should be administered respecting the dignity of the teacher and the dignity of the student.

Consequences are more effective when:
Secondary School: Discipline Document Policy

- They are used by the teacher to own and manage classroom problems.
- They are applied from least intrusive to most intrusive.
- They escalate with the seriousness of irresponsibility, and persistence.
- They are applied as a part of a decisive plan.
- Consistent application and follow up is assured.
- They are applied with immediacy for specific behaviours.
- They are related to the behavior.
- Certainty, rather than severity is emphasized.
- They make sense to students and staff.
- They are discussed publicly and accepted as fair.
- They involve restitution.
- A common language is used, the language of restoration.

As we manage student behavior on a daily basis please follow the procedures and process in place.

Teachers can:

- Use the student diary to communicate misbehavior, lack of application, etc. To parents – highly recommended.
- Have students on detention at recess, half a lunch, after-school. All detentions must be supervised by the teacher and the detention time must be used to restore the relationship. Discuss issue with student, complete unfinished work, etc.
- Make a phone call home to inform parents of concerns. Teachers should check with homeroom teacher, year coordinator, head of department if it is safe to make a phone call home.

At all times teachers should inform and consult with Year Coordinator and/or Heads of Department of actions taken.

Teachers should use the Student Record Sheet and the Student Reflection Sheet to support their actions and help restore relationships. These sheets are to be kept by the teacher for future reference.

If student behavior does not change despite all your actions, the teacher should:
Secondary School: Discipline Document Policy

- Refer student to Year Coordinator or Head of Department so that further action can be taken, such as:
  - Placing a student on a monitoring card.
  - Sending a letter of concern home (the Coordinator).
  - Arranging an interview with parents.
  - Agreeing on a contract with student/parent.

Written records of all actions taken must be kept in the students’ files with the Year Coordinator.

If these actions do not change the behavior of the student the coordinator should:

- Refer the student to the Deputy Principal-Secondary School so that further action can be taken, such as:
  - Student internally suspended.
  - Student externally suspended. Three suspensions will lead to conditional enrolment.
  - Interview with parents for conditional enrolment.

If these actions fail to change the behavior of the student the Deputy Principal Secondary School organizes/requests student file from Year coordinator and refers student to the Principal to discuss possible alternative to follow with parents.

Teachers must remember to be restorative in your practice.

Keep in mind the following:

- Students must wear their full school uniform and bag to and from school.
- Students must leave their school bag in their lockers at the beginning of the day.
- At school, students must use the school ‘materials bag’ during school hours.
- Inappropriate body piercing is not allowed. Small ear rings are allowed for girls.
- Inappropriate haircuts are not allowed.
- Mobile phones are not allowed during school hours.
Secondary School: Discipline Document Policy

- Chewing gum is not allowed during school hours. Teachers should insist students put the gum in a rubbish bin. Refusal may result in fines being issued.

- Inappropriate footwear is not acceptable.

Homeroom teachers, being the first point of encounter, must deal with these issues as soon as they appear. Write in student’s diary every time something needs to be rectified. Homeroom teachers must report students to Year Coordinators when students do not respond positively or don’t rectify the situation.
