The Commonwealth Government provides approximately 60% and the State Government about 22% of the income needed to fund the College. Approximately an additional 3% is received through various sources and agencies. The contribution of the Governments to the running costs of our school needs to be recognised, appreciated and also guarded.

Parents contribute approximately 15% to the total funding. This financial contribution is essential to providing the best possible educational opportunities for the students. The continuing support of parents is greatly appreciated.

  - Children of Maronite Catholic families residing in other parishes in which they are actively involved.
  - Children of Catholic families residing in other parishes.

  - Children from non-Christian backgrounds.

STARTING KINDERGARTEN

To be eligible to start school your child must turn 5 years of age by July 31st in the year they start school.
Pastoral care at St Charbel's College is based on the
• value and uniqueness of the individual person created in the image of God
• fact that "the Catholic School is committed to the development of the whole person,
• recognition that the ministry of each member of the College community contributes to the development of the climate in the College

Restorative Justice at St Charbel's College is based on the belief that when relationships are harmed we must work with the students, teachers and parents involved to restore the relationships.

"I give you a new commandment, that you love one another. Just as I have loved you, you also should love one another. By this everyone will know that you are my disciples, if you have love for one another."

(John 13:34-35)

At St Charbel's College, we do not simply do things to people, a punitive approach, nor do we simply do things for the people involved, a permissive approach. Restorative Justice is a commitment to inclusiveness so that we make every attempt to reintegrate our troubled students, even with severe behaviour difficulties. It is a commitment to a high degree of discipline with clear limits and consequences coupled with a high degree of support and care.

Restorative measures assist students to learn from their mistakes, reconcile their differences and resolve problems with others. Restorative measures can effectively address a wide variety of harm done in school settings including truancy, bullying, harassment, classroom or yard misbehaviour or non-cooperation, alcohol and other drug use and many other cases.

The Discipline Policy at St Charbel's College evolves from the Pastoral Care Policy in so far as each seeks to promote a respectful, secure and healthy environment in which students grow to be discerning, self-disciplined and contributing members of society. The Restorative Justice Policy at St Charbel's College is an essential element of the Pastoral Care Policy and guides the application of all discipline at the College.

St Charbel's College promotes the use of field trips as part of the school curriculum. Such off campus activities include: excursions, sporting carnivals, camps and retreats.

The school aims to keep the costs of these experiences to a minimum and no student should miss out as a result of financial hardship. Parents/carers are asked to contact the Principal to discuss this on a confidential case-by-case basis.

When excursions, sporting carnivals, camps or retreats are organised at St Charbel's College, students will be expected to participate as part of fulfilling the curriculum and pastoral requirements of the educational program.

When these experiences are arranged parents/carers can expect due notice in writing detailing the venue, dates, times, nature, cost, transport, requirements etc of the specific experience. This will be in the form of an information/consent form and individual consent must be provided by the due date for the student to participate.

**OHS FOCUS**

St Charbel's College considers the Occupational Health and Safety implications when taking students off the school site and any necessary details are included in the parent/carer information/consent form.

St Charbel’s College endeavours to be aware of risks that arise within the school and takes steps to minimize and/or eliminate such risks. This includes policies and practices ensuring students move in an orderly fashion between classes, for example “no running or pushing” and the safe use of playground areas.

St Charbel's College will take all reasonable care in the event of a student suffering accident or illness. Students' medical records will be reviewed and any students with on-going medical conditions identified. Precautions will be made to cater for these students should any condition become aggravated (please refer to Prescribed Medicine Policy for further details). In addition, at least one teacher attending will hold current First Aid qualifications.

**EMERGENCY PROCEDURES**

In any incident of accident or illness (either on excursion or at school) a parent/carer, or if unavailable a nominated emergency contact will be informed as soon as possible.

The school provides personal and accident insurance cover to students for accidents that may occur during school time and on authorised school activities such as excursions, camps, retreats and work experience.

Providing support to students at risk of anaphylaxis

It is the responsibility of the parent to notify the school that their child is at risk of an anaphylactic reaction either at the time of enrolment, or if the student is enrolled, as soon after diagnosis as possible. As with other health conditions, St Charbel’s College provides support to assist the parent(s) in the management of their child’s health. For this support to be effective it is important that:

- a partnership is established between the parent(s) and the school to share information and clarify expectations.
- every reasonable effort is made to minimise the exposure of students at risk of an allergic reaction to known allergens within the school environment.
- an emergency response strategy is developed and implemented.

If written information provided by the parent confirms that their child has been assessed as being at risk of anaphylaxis, an individual health care plan will be formulated by the Principal or delegate in consultation with the parent and staff. The individual health care plan will incorporate an emergency response plan and a plan for the avoidance of known allergens based on advice from the student's parent and medical practitioner.

It is the role of the parent to:

- inform the Principal of the school of the health needs of the child/ren upon enrolment and when the health needs of the child/ren change;
- when requested by the Principal, negotiate an individual health care plan for school support of the student's health with the Principal and staff;
- provide the “Dear Medical Practitioner” letter to their child's medical practitioner and return it to the school when the form is completed;
- provide written requests for the school to administer prescribed medications;
- provide the equipment and consumables for carrying out health care support procedures as specified in the student's individual health care plan, including where relevant, the appropriate EpiPen or AnaPen;
- replace the EpiPen or AnaPen when it expires or after it has been used.

Providing support to students at risk of Asthma

It is the responsibility of the parent/carer to notify the school that their child suffers from severe asthma either at the time of enrolment, or if the student is enrolled, as soon after diagnosis as possible.

As with other health conditions, St Charbel’s College provides support to assist the parent/carer(s) in the management of their child’s health. For this support to be effective it is important that:

- a partnership is established between the parent/carer(s) and the school to share information and clarify expectations.

- every reasonable effort is made to minimise the risk of students suffering a severe asthma attack.

- every student with severe asthma attending the school will have a written Asthma Action Plan, completed by their medical/health practitioner, in consultation with the student’s parent/carer.

- Asthma Emergency Kits and Asthma First Aid Posters be located strategically around the College.

In cases of severe asthma or where the Deputy Principal or delegate determines that the student's health support needs cannot be met within existing arrangements, he or she will consult with parent/carer and staff in developing an individual health care plan for the student.

It is the role of the parent/carer to:

- inform the Principal of the school of the health needs of the child/ren upon enrolment and when the health needs of the child/ren change.

- when requested by the Principal, negotiate an individual health care plan for school support of the student's health with the principal and staff.

- provide a written Asthma Action Plan, completed by their medical/health practitioner, in consultation with the student’s parent/carer. It is the parent/carer’s responsibility to convey clear instructions from the doctor to the school about the student’s asthma medication requirements.

- provide written requests for the school to administer prescribed medications.

- provide the equipment and consumables for carrying out health care support procedures as specified in the student's individual health care plan, including where relevant, the appropriate Asthma medication and recommended delivery device, for example a puffer (hand-held inhaler device), be used in conjunction with a spacer device to assist with fast and more effective delivery of medication.
